

Industrial Portable Utility Heater PKB Series

Model Code:

PKB	20	10	-1
A	B	C	D

A: Series
 B: 12 - 120V, 24 - 240V
 48 - 480V
 C: Watts (1500)
 D: T - Thermostat

- Long life spiral finned heating elements
- Long life unit bearing motor
- Durable 20-gauge steel enclosure
- High visibility safety yellow
- Built-in thermostat (40°-100°F)
- Fan only switch
- 6ft. S0 cord (no plug)
- Dual carrying handles
- Cord storage feature
- Heavy duty 16 gauge wheel base
- High limit thermal cutout safety device
- Non-Mercury tip over switch
- 2-year limited warranty

The PKB Yellow Jacket Portable Unit Heater

The King Yellow Jacket portable unit heater is constructed to hold up to the rigorous demands of a jobsite or industrial facility. It is the best heat source to assist in dry-out applications where dry electric heat is preferred to propane or kerosene space heaters. In addition, electric heat has no odor, flame or carbon monoxide. The high CFM and low temperature rise are also key features to make the Yellow Jacket the best solution for temporary large capacity heating applications.
