

Smart Heating Solutions

Entryway & Hallway Heating

Stop drafts before they impact the whole building.

People moving in and out constantly, opening doors and letting the cold air in can quickly impact the comfort level of the entire building.

LPWA Architectural Wall Heaters

are the ideal solution for entryways, corridors and all public areas. The heavy-duty and tamper-resistant design can withstand heavy traffic and can replenish entryways and hallways to prevent drafts from entering the building's core.
