## How To Properly Size Roof & Gutter De-Icing Cable

### Prevent Icicles & Ice Dams on Your Building

Winter can be tough on commercial and industrial buildings, with snow and ice accumulating on roofs and gutters. King's advanced electric de-icing systems efficiently melt ice, ensuring your building is protected from snow damage, while preserving the visual appeal of your building.

# Sizing Pipe Trace Heating Cable For Any Application

## Stop Frozen Pipes Before It Happens

In cold climates, insulation alone often fails to prevent pipes from freezing. A well-designed and installed pipe freeze protection system ensures continuous water flow and prevents costly building damage.
