Elevate Unoccupied Room Temperatures to 160°F

Extreme Environment Heaters for Industrial Process Applications

Heat the Space. Control Remotely.

Reliable, High Temp Heaters You Can Trust - Only from King

Meet the KBSH Stainless Steel High-Temp Heater

In many industrial settings, maintaining elevated room temperatures is mission-critical—for sterilization, curing, drying, and other demanding applications. Unlike standard heaters, the KBSH Series is built to thrive under extreme conditions, delivering temperatures up to 160°F with rugged stainless steel construction made for the toughest environments.
