In-Home mobility

Convenient ✴ **Bluetooth**® connectivity allows for total user comfort and control throughout the home. With the **ATMOZ** smart phone app, you can adjust the temperature of your thermostat from the comfort of the couch. The climate of your home will become a customized atmosphere that you control, or let **ATMOZ** do it for you.

Comfort just a click away

The **ATMOZ** menu & interface were designed to create an excellent experience for all users. Including password protection to block unauthorized users from making unwanted changes. Each menu is easy to navigate and includes large buttons, allowing for quick and simple programming of all your custom settings. Making changes is no longer a hassle. Going on vacation, simply pre-schedule your Vacation Mode Settings. With **ATMOZ**, your home is in good hands.

Infinite Possibilities

While using **ATMOZ**, total home control becomes your reality. The app allows the user to control multiple thermostats, with no limit, throughout the home. **ATMOZ** thermostats are programmable with up to six time periods in a day. By selecting Boost Mode, the current period can be extended up to 3 additional hours, without altering the programmed schedule. Let **ATMOZ** find new possibilities in your home.

Changes made easy

Manually override your programmed settings at any time with the app or directly through the thermostat. Your presets will still retain the same settings, and the override temperature will only remain until the end of the current period. However, by activating Hold Mode, you can lock the current temperature for any duration until manually changed. **ATMOZ** gives your home the comfort that you deserve.
