KBP PlatinumX Pro Series

Compact Unit Heater with RF Wireless 7-Day Programmable Remote Thermostat

King's KBP PlatinumX PRO Series is the most advanced compact multi-wattage unit heater in the KBP family. Featuring the new ECO PRO Controller, it offers RF wireless 7-day programmable control with an integrated temperature sensor that detects cold spots and automatically adjusts for consistent comfort. The controller can be placed anywhere for ideal temperature sensing and integrates with wired or wireless RF window, door, and occupancy sensors to reduce energy waste. Multiple heaters can be paired to one controller for smart zoning, and an optional 24V remote thermostat enables BMS integration. With summer fan-only and timer modes, PlatinumX PRO delivers comfort and control all year long.

PRO CONTROL

Customer Needs

1. **7-Day Programmable Heating Schedule with Remote Temperature Sensing** – Create a weekly heating schedule for precise comfort and efficiency. The ECO PRO Controller senses room temperature, detects cold spots, and adjusts automatically for consistent warmth wherever you place it.
2. **Available Window, Door & Occupancy Sensors** – These optional sensors automatically reduce energy use by setting back the temperature when a space is unoccupied or a window or door is left open.

Features	Benefits
7-Day Programmable Schedule with Remote Sensing	Allows customized weekly heating schedules and automatic temperature adjustments.
Built-in PlatinumX Electronic Thermostat	Provides precise temperature control and energy-saving operation.
24V Thermostat Provision	Enables integration with Nest, other smart thermostats, or a BMS for remote control.
Remote Control with Timer & Fan-Only Mode	Adds convenience, allowing users to adjust settings from anywhere in the room.
Integrated Fan-Only & Timer Modes	Offers year-round versatility and convenient scheduling.
Available Window, Door & Occupancy Sensors	Automatically reduces energy use when a space is unoccupied or a window is left open.

Applications

• Garages • Workshops • Green Houses • Utility Rooms
• Barns or Agricultural Buildings • Equipment Storage Areas • Light Commercial

KBP PlatinumX Pro Series

Specifications:

- Energy-Saving PlatinumX Design
- Includes ECO PRO Controller Wireless RF 7-Day Programmable Thermostat
- Remote Temperature Sensing - Place ECO PRO Controller On a Wall or Shelf & Get the Right Temperature, Right Where You Want It.
- Thermostat Temperature Range: 40° to 95°
- Create Heat Zones - Connect Multiple Heaters To Single Pro Controller
- Built-In Provision For Using Any 24V Remote Thermostat (Optional)
- Compatible With NEST / Any 24V Thermostat, Including WIFI Stats
- Compatible With BMS Systems
- Remote Control Included with Wall Holder
- Timer & Summer Fan Only Modes
- Auto Memory Feature: Returns Unit To Last Settings After Power Outage
- Adjustable Louvers to Direct Ai
- Built-In Fan Delay To Dissipate Heat
- Dual Pic-A-Watt® Elements
- Patented Smart Limit Protection®
- Permanent Lubricated Unit Bearing Motor
- Universal Wall/Ceiling Bracket Included
- Proudly Made in the USA with U.S. & Global Materials

WARRANTY

5-Year Limited Warranty
