The Art of Comfort Heating

Inspired by the architecture around us.
Freedom of Choice
Available in 2 distinctive series, the energy saving ECO2S or the designer ComfortCraft with optional mechanical thermostat.

- Smart Energy-Saving Design
- 2-Stage Heating: Automatically Uses Lowest Wattage Needed
- Infrared Remote Control
- Timer & Summer Fan Only Mode

Perfect for Rustic, Down-to-Earth Living Spaces.
Oiled Bronze is a traditionally inspired finish that finds its style rooted in Old World character, but also heavily in the Arts & Crafts movement—Oiled Bronze works exceptionally well with ornate, handmade, craftsman-style furnishings.

ComfortCraft
- Modern Curved Design
- Mechanical Thermostat (Optional)
- Whisper Quiet Louver Design

Old World Charm
An ideal choice for luxury buildings outfitted with oiled bronze hardware.
Popular in Spaces with Country Charm as Well as For Traditional Decor.

From farmhouse style with creamy walls and cabinets to buildings with lighter wood trim, and natural materials in neutral tones like cream or beige, Almondine is your best bet. Offering a cool country look that blends in with your decor better than white.

ALMONDINE

Freedom of Color

You know what it feels like when you walk into a well-designed building. You can sense how everything feels cohesive and put together. It feels just right.

Create the look and feel that is right. Combine colors, materials, lighting, and now even designer heating fixtures to achieve the ambiance that fits both your ideas and your building. Choose from one of our 4 dynamic designer colors, inspired by the architecture around us.

Traditional

Ideal for a traditional look that incorporates creamy tones and off-white walls.

American Made Durability

We believe 60 Years of Experience Matters. King products have been made in Seattle, WA since 1958.

Powder Coated

For Long Lasting Color

Consisting of a dry powder that is electrostatically applied and then cured under heat to allow it to flow and form a “skin” on the metal. Powder coating is thermally bonded to the metal substrate which provides superior adhesion and prevents chipping.
The Quintessential Finish, Elevated.
Always Popular and Easy to Match Any Décor.
Impeccable style defines this classic, softly shaded white. Light and luminous. Inspired by the classic lines of traditional American design, White Dove adds a statement of subtle elegance to a building’s décor. Bring a designer accent to any room, without stealing the spotlight.

WHITE DOVE

The Brushed Silver Hues Flatter and Compliment Any Décor Style.
Satin Nickel saw its rise to popularity alongside the Victorian and Mid-Century Modern design movements. It prefers to live among bold, geometric shapes and patterns, bright solid colors and edgy, unconventional furniture.

SATIN NICKEL

Classic Approach
An ideal choice if you have all white walls & decor or want to match your trim, baseboard and crown molding.

A Touch of Modern
An ideal choice for modern spaces outfitted with satin nickel hardware.
